

Advanced Bible Correspondence Course Introduction

Dear Bible Student,

This new Bible course, which we call “The Advanced Bible Course”, is based on God’s Word and a Catechism which originated many years ago in Heidelberg Germany. This Catechism has been used by churches for the purpose of teaching Bible Doctrine to older children and adults. It is a summary of the teachings of the Bible made up of questions and answers divided into 52 Lords Days.

The Advanced Bible Course was developed by the Dutch Reformed Tract Society in the Netherlands for use in various countries. and they have given us. We thank them for giving us permission to use their material and to edits and adapt it to our prison ministry.

After completion of this course graduates receive a certificate and a copy of a daily devotional book entitled “Ears from Harvested Sheaves”. May the Lord bless these instructions to your eternal profit.

Yours truly,

The Prison Committee of the CLDA
